EQUIPMENT and CREW

Lure Equipment: Speed Dog runs all their Fast CATs utilizing a continuous loop system. Speed Dog uses and endorses the SwiftPaws system for their record in safety and reliability. The lure or “bunny” consist of white plastic bags. Additionally, a squawker is sometimes used – if track conditions allow. The lure is attached to string that is set in a continuous loop and the string is pulled/pushed by an electric motor (SwiftPaws),

Timing Devices: Speed Dog uses and endorses Farm Tek electronic timing devices. At most events we have a redundancy system set up to help reduce timing issues and reruns.

Field Conditions. The field is fairly level. The surface is grass that is mowed short. The track is approximately 460' long and is fully fenced with mesh fencing. Mounted entry and exit gates are also part of the track. Handlers may **NOT** walk the course to the catch area **BEFORE** their dog is released.

Hunt Master Is not just someone standing at the Start line twirling their arm, they are an integral part of the overall safety of the dog and human. They are in complete charge of all hounds and handlers on the field. They are responsible for calling the next dog/handler onto the course. They are responsible for making sure the correct dog is on the start line. They are responsible for checking collars. The Huntmaster explains the release and, if necessary, the retrieval before the dog is released. They are responsible for making sure the lure is in position and traveling in the correct direction before calling the dog/handler onto the course. The handler should communicate to the Huntmaster any special needs the dog may have (Fast, slow, old, new). The Huntmaster will communicate any needs to the Lure Operator. The Huntmaster shall question the Lure Operator, Timer and handlers asking “Are you ready?” After affirmative answers from all parties, the Huntmaster will begin the course. Provides a hand signal to the Lure Operator to start the lure. Gives the verbal signal “Tallyho” to release the dog from a standing start. The dog should not be slipped before the sound of the “T” in “Tallyho.” Will notify the Lure Operator, Timer and Handler of any issue with the release or the course that results in a rerun or a non-qualifying score. The Huntmaster shall stop the lure in the event of a safety issue with the course or the dog.

Lure Operator: The Lure Operator is responsible for communicating to the Trail Chair, any concerns regarding the track layout. They are responsible for operating the lure in a safe manner for all breeds. The Lure Operator will make a test run beforehand. The Lure Operator will receive communication from the Huntmaster regarding any special needs a particular dog may have (fast, slow, old, new, etc). The Lure Operator will do all they can to get the best time for your dog. The Lure Operator will not move the lure at the end until the dog is leashed and off the course. For the utmost safety, the Lure Operator will position themselves so that they have a view of the entire course and will watch the dog the entire way until the dog is leashed and off the course. The Lure Operator will stop the lure on a signal from the Huntmaster, but shall automatically stop the lure any time a dog becomes entangled in the string or when a potentially dangerous situation may develop

Queing Up After dogs have been roll called and put in a run order, we will line them up about 6 at a time. Anyone that does not have a catcher or a releaser in place and ready could be moved back in the order. Dogs not present for their Time Block will be added to the next available Time Block – with the exception of conflicts. Conflicts will be handled on a case-by-case basis at the field. We strive to keep the track running smoothly with as few delays as possible. For more information see the section on Time Blocks

SAFETY

Safety is the focus of the Speed Dog Crew. We work with the host club to ensure the safety of the course. We pride ourselves on the conduct of the crew to help maintain an atmosphere of helpfulness, fun and friendship, all while helping to ensure both human and dog are as safe as possible. We make sure regulations are followed to make the event not only safe, but fair. We run a test dog prior to the start of the event and each time we have to change Lure Operators. Prior to moving the lure to position for the start, the lure operator will announce “hold your dogs” to caution owners and the Huntmaster will caution handlers to be careful of the line.

FIELD CONDITIONS

FIELD

The Fast CAT Track will be fully fenced with mesh fencing and will have gates at the entrance and exit. The track is fairly flat and mowed short.

Electronic Timers will be used to record run times

Please bring your own shade and water.

The track is set up on a multi-purpose athletic field. Grass is short and the field is mostly flat and level

Only authorized personnel will be permitted near the lure operators tent.

For Fast CAT - Dogs are not permitted to run in choke collars (including limited slip martingales) , harnesses, E-Collars or prong collars.

All entrants present during the posted times will be allowed to run as long as conditions are deemed safe. Worker dogs may be allowed to run before the official start time.

**Day of trial entry OPENS at 10 am and CLOSES at 3 pm or whenever time slots are filled (whichever comes first).

ROLL CALL (INSPECTION) AND RUN ORDER

FOR THESE EVENTS WE WILL BE HOLDING A "ROLLING ROLL CALL"

Inspection begins 15 minutes before your scheduled Time Block. We inspect the dogs as they arrive at the field. You will receive a Run Ticket when you arrive at the field. Take your Run Ticket to the Roll Call area. Dogs must be checked in and inspected prior to **EACH** run. Inspection will check for general fitness and for females in season. Females in season and lame dogs are not permitted to run. Handicaps will be verified at inspection.

Once your dog has passed inspection, bring your Run Ticket to the Paddock Master Table. You will then be put in the run order. If you have a catcher or a releaser, make sure they are in the correct area at LEAST three dogs ahead. This really helps to keep things moving!

If you have a 2nd run in the same Time Block you must come back and pick up your Run 2 ticket, be re-inspected and be put on the run order list. If you have a 2nd run in another Time Block – please come back then.

TIME BLOCKS

We will be using the "block schedule" running order. Use the online entry form to select your Time Blocks

If you are mailing in your entry - please make sure you include your Time Block selection with your entry. We do NOT guarantee a Time Block will be available to mail in entries by the time the entry arrives to us.

If you need to add or change your Time Block AFTER you have submitted your entries, please email us at speeddogevents@gmail.com

We run events CONCURRENTLY. This means you can schedule your runs in the same Time Block (if there is room), different Time Blocks but in the morning, both runs in the afternoon or a run in the morning and a run in the afternoon. The choice is yours., Anyone who does not have a Time Block prior to the event will be assigned one at the field.

RELEASERS AND CATCHERS

Releasers and Catchers are an essential part of the Fast CAT team. In order to provide for an efficient event, please bring a catcher or a releaser with you. There are usually volunteers at the field to help but these are not guaranteed! If you don't have a releaser or a catcher, make a friend. Offer to help someone if they help you. Bring 2 leashes!!

NOTE: If you have a hard to hold dog please bring someone familiar with the dog to help you. There have been too many volunteer releasers injured by dogs that are strong, unruly, reactive or out of control dogs (big and small).

Conditions of Entry – Read Carefully

ALL DOGS RUN AT OWNERS SOLE RISK

All entries must be one year of age or older on the day of the test.

- Exhibitors should follow their veterinarian’s recommendation to assure their dogs are free of parasites, any communicable diseases and have appropriate vaccinations.

ELIGIBILITY OF DOGS.

This section applies to both CAT and Fast CAT. Events are open to all dogs at least 12 months of age that are individually registered with the AKC, recorded in the Foundation Stock Service (FSS) program, individually registered with a foreign or domestic registry organization whose pedigrees are acceptable for AKC registration, dogs granted a Purebred Alternative Listing (PAL) number, dogs with AKC Limited or Conditional Registration, or dogs enrolled in the AKC Canine Partners program. Spayed and neutered dogs are eligible to participate in CAT and Fast CAT. Dogs with breed disqualifications and monorchid/cryptorchid dogs are eligible to participate. Dogs that are physically challenged due to loss of limbs are eligible to enter and should be given the same consideration by the inspection committee as four-legged dogs. A dog that exhibits a state of well-being at the time of inspection, shows no signs of physical discomfort, and in the opinion of the inspection committee appears to physically have the potential to safely complete the course, is to be considered fit to participate. For safety purposes, any dog requiring an assistance apparatus, such as a wheeled cart will not be allowed to participate. Bitches in season may not participate. A dog may enter only once per event. (An event is defined by an event number.)

A dog that is individually registered with a foreign or domestic registry organization whose pedigrees are acceptable for AKC registration may be entered in licensed or member CAT or Fast CAT events that are held no later than 30 days after the date of the first licensed or member CAT or Fast CAT event in which the dog was entered, but only provided that the individual foreign registration number and the name of the country of birth are shown on the entry form, and provided further that the same name, which in the case of an imported dog must be the name on the foreign registration, is used for the dog each time. An individually registered dog with a foreign or domestic registry organization whose pedigrees are acceptable for AKC registration may be entered in licensed or member tests that are held not later than 30 days after the date of the first licensed or member test in which the dog was entered, unless the owner has received from the AKC an extension notice authorizing further entries of the dog with its foreign registration number. No such extension will be granted unless the owner can clearly demonstrate, in a letter addressed to the Performance Events Department of The AKC, that the delay in registration is due to circumstances for which he is not responsible. Such extension notice will be void upon registration of the dog or upon expiration of the period for which the extension has been granted if that occurs earlier, but upon application further extensions may be granted.

Golf Carts are allowed. Please drive slowly!!
