This Show will be held in compliance with COVID-19 state and local public health guidelines. Facility and host club safety rules will be updated as the Virginia Department of Public Health releases new requirements. Please be patient and understanding as we work to provide a safe environment for all.

I understand that a valid entry requires my agreement to the guidelines set forth in this waiver by Huntingdon Valley Kennel Club, Penn Ridge Kennel Club, The Meadow Event Park, Site Control and RAU, Inc.

I have read, understand, and agree to the following rules and procedures set forth in this August 2022 Dog Show Cluster waiver.

- To the best of my knowledge, I do not have COVID-19.
- I have not been exposed to COVID-19 within the last 3 weeks.
- I have had no symptoms (fever, cough, etc.) for 14 days or more.
- I agree to wear a mask in the building and under any show tent at all times, if required.
- I agree to practice social distancing and frequent hand washing/sanitizing.
- I understand that if I do not comply with these guidelines or refuse to comply, I will be asked to leave the show and entry fees will be forfeited.

I am entering this show at my own volition and am responsible for my own health. Huntingdon Valley Kennel Club, Penn Ridge Kennel Club, The Meadow Event Park, Site Control or RAU, Inc., are in no way liable for any present or future COVID-19 infection incurred at any time by any person, in attendance or not in attendance, before, during, or after this show.

I understand the COVID-19 virus is continually changing which means these guidelines may be adjusted as needed.

EQUIPMENT and CREW

Lure Equipment: Speed Dog runs all their Fast CATs utilizing a continuous loop system. Speed Dog uses and endorses the SwiftPaws system for their record in safety and reliability. The lure or “bunny” consist of white plastic bags. Additionally, a squawker is sometimes used – if track conditions allow. The lure is attached to string that is set in a continuous loop and the string is pulled/pushed by an electric motor (SwiftPaws),

Timing Devices: Speed Dog uses and endorses Farm Tek electronic timing devices. At most events we have a redundancy system set up to help reduce timing issues and reruns.

Field Conditions. The field is fairly level. The surface is grass that is mowed short. The track is approximately 460' long and is fully fenced with mesh fencing. Mounted entry and exit gates are also part of the track. Handlers may walk the course to the catch area **BEFORE** their dog is released.

Hunt Master Is not just someone standing at the Start line twirling their arm, they are an integral part of the overall safety of the dog and human. They are in complete charge of all hounds and handlers on the field. They are responsible for calling the next dog/handler onto the course. They are responsible for making sure the correct dog is on the start line. They are responsible for checking collars. The Huntmaster explains the release and, if necessary, the retrieval before the dog is released. They are responsible for making sure the lure is in position and traveling in the correct direction before calling the dog/handler onto the course. The handler should communicate to the Huntmaster any special needs the dog may have (Fast, slow, old, new). The Huntmaster will communicate any needs to the Lure Operator. The Huntmaster shall question the Lure Operator, Timer and handlers asking “Are you ready?” After affirmative answers from all parties, the Huntmaster will begin the course. Provides a hand signal to the Lure Operator to start the lure. Gives the verbal signal “Tallyho” to release the dog from a standing start. The dog should not be slipped before the sound of the “T” in “Tallyho.” Will notify the Lure Operator, Timer and Handler of any issue with the release or the course that results in a rerun or a non-qualifying score. The Huntmaster shall stop the lure in the event of a safety issue with the course or the dog.

Lure Operator: The Lure Operator is responsible for communicating to the Trail Chair, any concerns regarding the track layout. They are responsible for operating the lure in a safe manner for all breeds. The Lure Operator will make a test run beforehand. The Lure Operator will receive communication from the Huntmaster regarding any special needs a particular dog may have (fast, slow, old, new, etc). The Lure Operator will do all they can to get the best time for your dog. The Lure Operator will not move the lure at the end until the dog is leashed and off the course. For the utmost safety, the Lure Operator will position themselves so that they have a view of the entire course and will watch the dog the entire way until the dog is leashed and off the course. The Lure Operator will stop the lure on a signal from the Huntmaster, but shall automatically stop the lure any time a dog becomes entangled in the string or when a potentially dangerous situation may develop

Queing Up After dogs have been roll called and put in a run order, we will line them up about 6 at a time. Anyone that does not have a catcher or a releaser in place and ready could be moved back in the order. Dogs not present for their Time Block will be added to the next available Time Block – with the exception of conflicts. Conflicts will be handled on a case-by-case basis at the field. We strive to keep the track running smoothly with as few delays as possible. For more information see the section on Time Blocks

SAFETY

Safety is the focus of the Speed Dog Crew. We work with the host club to ensure the safety of the course. We pride ourselves on the conduct of the crew to help maintain an atmosphere of helpfulness, fun and friendship, all while helping to ensure both human and dog are as safe as possible. We make sure regulations are followed to make the event not only safe, but fair. We run a test dog prior to the start of the event and each time we have to change Lure Operators. Prior to moving the lure to position for the start, the lure operator will announce “hold your dogs” to caution owners and the Huntmaster will caution handlers to be careful of the line.

Roll Call (Inspection) and Run Order

FOR THESE EVENTS WE WILL BE HOLDING A "ROLLING ROLL CALL"

Inspection begins 15 minutes before your scheduled Time Block. We inspect the dogs as they arrive at the field. You will receive a Run Ticket when you arrive at the field. Take your Run Ticket to the Roll Call area. Dogs must be checked in and inspected prior to **EACH** run. Inspection will check for general fitness and for females in season. Females in season and lame dogs are not permitted to run. Handicaps will be verified at inspection.

Once your dog has passed inspection, bring your Run Ticket to the Paddock Master Table. You will then be put in the run order. If you have a catcher or a releaser, make sure they are in the correct area at LEAST three dogs ahead. This really helps to keep things moving!

If you have a 2nd run in the same Time Block you must come back and pick up your Run 2 ticket, be re-inspected and be put on the run order list. If you have a 2nd run in another Time Block – please come back then.

We will do our best to work around conflicts.

Time Blocks

We will be using the "block schedule" running order. A link for YOU to pick your time block will be emailed to you shortly after closing.

Concurrent Run Scheduling

We run events CONCURRENTLY. This means you can schedule your runs in the same Time Block (if there is room), different Time Blocks but in the morning, both runs in the afternoon or a run in the morning and a run in the afternoon. The choice is yours., **Anyone who does not have a Time Block prior to the event will be assigned one at the field..**

Electronic sign-up

We are using SignUp Genius to schedule runs. A link will be emailed to you AFTER entries close.

- 1) Make sure you only sign up for the number of runs per day that you entered!
- 2) There are Three (3) Tabs. One for each day. You need to make sure you click on EACH tab for the days you entered and sign up for a time slot 3) We are limiting the number of people at the field at one time.
- 4) We are running CONCURRENT events. What this means is that you can run, rest your dog and then run again within the same time block (you would sign up for 2 runs per dog)
- 5) Make sure you go to the BOTTOM of each days page when you are done and SUBMIT
- 6) There are some time slots already filled - those would be the wonderful volunteers that are there to help make sure we all have a good time and do it safely.
- 7) If you have any questions about getting your dog signed up - email us speeddogcoursing@gmail.com
- 8) When a block is full, runs cannot be added.

9) This is for those of you who PRE-entered and paid. This is not for Fun Runs or those people that are doing day of entries.

10) Pre-Entered dogs without a Time Block, On site entries and Fun Runs will all be assigned a Time Block at the field

Course and Equipment

- 1) **Safety:** Safety is of utmost importance. It is the responsibility of the Event Committee to ensure the safety of the course, equipment and conduct of those involved with the event. A test dog will run prior to the start of the event to ensure that the equipment functions properly and volunteers understand their jobs. Prior to moving the lure to position for the start, the lure operator will announce "hold your dogs" to caution owners.
- 2) **The Finish:** The club will provide enough room for a safe run-out area. SDC will attempt to use a minimum of 50 yards. It is recommended an owner or someone familiar with the dog be at the finish to catch the dog once the test is completed. SDC will attempt to help at the end of the course to collect the dogs if the owner requests it.
- 3) **Timing Devices:** SDC will use electronic timers. The time to complete the 100 yard dash is recorded to the nearest 1/100th of a second. The time starts when any part of the dog breaks the electronic beam at the start line. The time stops when any part of the dog crosses the finish line. Stop watches will be used as a backup if the electronic timers don't function. In the event of manual timing, a starter's flag will signal the start when the dog's nose crosses the starting line and the time will be recorded by two timekeepers, each operating individually, at the finish line. The time will be the mathematical average of the two manually recorded times.
- 4) **Lure Equipment:** SDC uses a continuous loop system. The lure will be a white plastic bag or squawker. The lure will be propelled by an electric motor attached to a continuous loop set-up. Safety is the number one consideration in running this event.
- 5) **Field Conditions.** The field is reasonably flat, level and mowed short. The actual running area is approximately 150 yards long x 6 yards wide, with a plastic barrier. The release line is ten feet behind the start line. The course is 100 yards long with finish line timers (electronic or manual) and a 50-yard run-out area. Handlers may not walk the course with their dogs during the actual test, but they may walk the course to the catch area **BEFORE** their dog is released.
- 6) The Hunt Master has control of the course. The Hunt Master oversees all dogs and handlers on the field, shall ensure handlers understand safe release and retrieval procedures, shall ensure the lure is properly positioned, shall ensure the Lure Operator, timers and starting line signal person are ready, shall signal the Lure Operator to start the lure and shall give the verbal signal "tallyho" to release the dog.
- 7) **At the line:** Exhibitors will be able to sign up for their run block before the event. Anyone who does not sign up for a run block will be randomly assigned into open slots available. Each exhibitor will receive a running order via e-mail prior to the event. Dogs will be lined up in the paddock area, with no more than five in line at a time. If you are in line, please ensure your catcher is at the finish area. Anyone who does not have a catcher ready will be moved back in line. Dogs that are not present during their run block will be moved to the next block and the next available dog will be inserted into the running order. The missing dog will be inserted into the running order as convenient when they arrive. If you miss your run time, you will not be required to wait until all dogs have run. You can run, within reason, when you arrive. **OUR GOAL IS TO FOLLOW THE RUN ORDER, BUT ALSO TO KEEP THE COURSE RUNNING.**
- 8) **Operation of the Lure:** The Lure Operator's job is to 1) ensure a safe run by operating the lure correctly, and 2) to get the best score for your dog. If your dog is new to the sport, tell the Hunt Master! That may mean operating the lure differently, to get his/her attention, as opposed to an experienced dog that needs little to no encouragement. If your dog is particularly fast for it's breed, simply advise the Hunt Master about your "fast dog." They will tell the Lure Operator, who will adjust the running of the lure to accommodate this. The Lure Operator has experience and knowledge related to running various breeds, but every dog is different. We want you to have a good score.
- 9) **Schedule and Event Hours:** 8am until all scheduled runs are completed. In the event of inclement or other conditions or to assist with timely completion of the event, Event Committee may elect to start the events earlier or later than posted. In any event, all entrants present during the posted times will be allowed to run, if conditions are safe.
