Poop Bags

Shade/fans (there is very limited shade at the site)

Sunscreen

Please bring water for yourself and your dog.

A chair if you need to wait between runs

## EQUIPMENT and CREW

**Lure Equipment:** Speed Dog runs all their Fast CATs utilizing a continuous loop system. Speed Dog uses and endorses the SwiftPaws system for their record in safety and reliability. The lure or “bunny” consist of white plastic bags. Additionally, a squawker is sometimes used – if track conditions allow. The lure is attached to string that is set in a continuous loop and the string is pulled/pushed by an electric motor (SwiftPaws),

**Timing Devices:** Speed Dog uses and endorses Farm Tek electronic timing devices. At most events we have a redundancy system set up to help reduce timing issues and reruns.

**Field Conditions.** The field is fairly level. The surface is grass that is mowed short. The track is approximately 460' long and is fully fenced with mesh fencing. Mounted entry and exit gates are also part of the track. Handlers may walk down next to the track to the catch area just **BEFORE** their dog is released

**Hunt Master** Is not just someone standing at the Start line twirling their arm, they are an integral part of the overall safety of the dog and human. They are in complete charge of all hounds and handlers on the field. They are responsible for calling the next dog/handler onto the course. They are responsible for making sure the correct dog is on the start line. They are responsible for checking collars. The Huntmaster explains the release and, if necessary, the retrieval before the dog is released. They are responsible for making sure the lure is in position and traveling in the correct direction before calling the dog/handler onto the course. The handler should communicate to the Huntmaster any special needs the dog may have (Fast, slow, old, new). The Huntmaster will communicate any needs to the Lure Operator. The Huntmaster shall question the Lure Operator, Timer and handlers asking “Are you ready?” After affirmative answers from all parties, the Huntmaster will begin the course. Provides a hand signal to the Lure Operator to start the lure. Gives the verbal signal “Tallyho” to release the dog from a standing start. The dog should not be slipped before the sound of the “T” in “Tallyho.” Will notify the Lure Operator, Timer and Handler of any issue with the release or the course that results in a rerun or a non-qualifying score. The Huntmaster shall stop the lure in the event of a safety issue with the course or the dog.

**Lure Operator:** The Lure Operator is responsible for communicating to the Trail Chair, any concerns regarding the track layout. They are responsible for operating the lure in a safe manner for all breeds. The Lure Operator will make a test run beforehand. The Lure Operator will receive communication from the Huntmaster regarding any special needs a particular dog may have (fast, slow, old, new, etc). The Lure Operator will do all they can to get the best time for your dog. The Lure Operator will not move the lure at the end until the dog is leashed and off the course. For the utmost safety, the Lure Operator will position themselves so that they have a view of the entire course and will watch the dog the entire way until the dog is leashed and off the course. The Lure Operator will stop the lure on a signal from the Huntmaster, but shall automatically stop the lure any time a dog becomes entangled in the string or when a potentially dangerous situation may develop

**Queing Up** After dogs have been roll called and put in a run order, we will line them up about 6 at a time. Anyone that does not have a catcher or a releaser in place and ready could be moved back in the order. Dogs not present for their Time Block will be added to the next available Time Block – with the exception of conflicts. Conflicts will be handled on a case-by-case basis at the field. We strive to keep the track running smoothly with as few delays as possible. For more information see the section on Time Blocks

## SAFETY

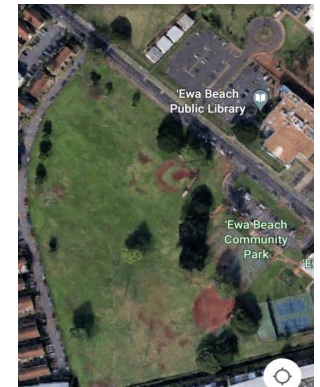

Safety is the focus of the Speed Dog Crew. We work with the host club to ensure the safety of the course. We pride ourselves on the conduct of the crew to help maintain an atmosphere of helpfulness, fun and friendship, all while helping to ensure both human and dog are as safe as possible. We make sure regulations are followed to make the event not only safe, but fair. We run a test dog prior to the start of the event and each time we have to change Lure Operators. Prior to moving the lure to position for the start, the lure operator will announce “hold your dogs” to caution owners and the Huntmaster will caution handlers to be careful of the line.

## FIELD CONDITIONS

All entrants present during the posted times will be allowed to run as long as conditions are deemed safe.

## Roll Call (Inspection) and Run Order

FOR THESE EVENTS WE WILL BE HOLDING A "ROLLING ROLL CALL"

Inspection begins 15 minutes before your scheduled Time Block. We inspect the dogs as they arrive at the field. You will receive a Run Ticket when you arrive at the field. Take your Run Ticket to the Roll Call area. Dogs must be checked in and inspected prior to **EACH** run. Inspection will check for general fitness and for females in season. Females in season and lame dogs are not permitted to run. Handicaps will be verified at inspection.

Once your dog has passed inspection, bring your Run Ticket to the Paddock Master Table. You will then be put in the run order. If you have a catcher or a releaser, make sure they are in the correct area at LEAST three dogs ahead. This really helps to keep things moving!

If you have a 2<sup>nd</sup> run in the same Time Block you must come back and pick up your Run 2 ticket, be re-inspected and be put on the run order list. If you have a 2<sup>nd</sup> run in another Time Block – please come back then.

## NEW TIME BLOCK SIGN UP INFO

We will be using the “block schedule” running order. A link for YOU to pick your time block is provided at the end of the online entry form. If you do not sign up online, a link will be emailed to you when your entry is received.

### Concurrent Run Scheduling

We run events CONCURRENTLY. This means you can schedule your runs in the same Time Block (if there is room), different Time Blocks both in the morning, both runs in the afternoon or a run in the morning and a run in the afternoon. The choice is yours., Anyone who does not have a Time Block prior to the event will be assigned one at the field.

### Electronic sign-up

We are using SignUp Genius to schedule runs. A link for YOU to pick your time block is provided at the end of the online entry form. If you do not sign up online, a link will be emailed to you when your entry is received.

- 1) Make sure you only sign up for the days you entered and the number of runs per day that you entered!
- 2) There is ONE Sign Up Form divided by days and Time Blocks. You need to make sure you click on EACH day you entered and sign up for a time slot
- 3) We are limiting the number of people at the field at one time. Which will also reduce your wait time.
- 4) We are running CONCURRENT events. What this means is that you can run and then run again within the same time block (you would sign up for 2 runs per dog). This is assuming there is space in the Time Block for the 2<sup>nd</sup> runs. If space is not available, you will need to sign up for another time block for your 2<sup>nd</sup> run.
- 5) Make sure you go to the BOTTOM of the form when you are done and SUBMIT
- 6) Our wonderful volunteers will run first so that they can be there to help make sure we all have a good time and do it safely.
- 7) If you do not know what Time Block you want when you enter, you will receive an entry confirmation email. The email will include the Sign-Up link for you to access at a later date. PLEASE DO NOT SHARE THIS LINK
- 8) If you have any questions about getting your dog signed up - email us [speeddogcoursing@gmail.com](mailto:speeddogcoursing@gmail.com)
- 9) When a block is full, runs cannot be added.
- 10) This information is for those of you who are PRE-entered and paid. This is NOT for Fun Runs or On-Site entries.
- 11) The Time Block Sign Up is ONLY for people that have entered and paid for runs. Those that Sign Up for Time Blocks without entering first, will have their Time Block Sign Ups deleted.
- 12) Pre-Entered dogs without a Time Block, On Site Entries and Fun Runs will all be assigned a Time Block at the field. Be aware that most of the time all the morning time blocks are filled before the events begin. In other words, do NOT expect to walk up and run!

Please drive slowly!!

## FAST CAT

The FAST CAT is a timed straight race of 100 yards where a dog chases a lure. Dogs are run singularly and earn points based on their handicapped speed. There are no placements. Titles are issued at designated benchmarks. The dog's time to complete the 100 yard dash is converted into MPH. Dogs earn points based on their handicapped speed. A handicap system is applied to a dog's MPH to determine the number of points earned. The handicap system is based on the height of the dog at its withers:

- 18" or greater = handicap is 1.0
- 12" up to less than 18" = handicap is 1.5
- Below 12" = handicap is 2.0

$204.545 / \text{time} = \text{MPH}$

Example: The dog's time is 8.14 seconds.

$204.545 / 8.14 = 25.13 \text{ MPH}$

Points = MPH multiplied by the dog's handicap

Titles are earned by accumulating points. The following titles will be awarded:

BCAT = 150 points

DCAT = 500 points

FCAT = 1,000 points

FCAT# = every additional 500 points.

Top 20 by Breed by Year: The AKC Fast CAT website will feature the Top 20 Fastest Dogs by Breed by Year national standings. The standings will be updated as event results are processed.

Fast CAT is open to all dogs 12 months of age or older that are individually registered/ listed with the AKC registration as purebreds, Foundation Stock Service (FSS) dogs, Purebred Alternative Listing (PAL) dogs and AKC Canine Partner Program.

Coursing is an athletic activity that can tax a dog's physical strength. Dogs that are overweight and/or out of condition may be at greater risk for injury and exhaustion. The Inspection Committee has the authority to disallow a dog's entry into a test, and in such instances, applicable entry fees will be refunded.

Entries will be acknowledged by E-MAIL IF **legible e-mail** address is provided.

### TIPS FOR HANDLERS

- The field is fenced. However, it is strongly recommended that prior to running your dog, you have good "recall" control over your dog, as the dogs will be off leash.
- Handlers should wear comfortable shoes and be physically able to hold and release their dogs, as well as catch them.
- Dogs will be brought to the start line on leash and released only upon a verbal signal ("Tally-Ho!") from the Huntmaster. Dogs may be released by hand, folded leash or using a traditional lure coursing slip lead.

• **Handler should have someone familiar with the dog at the end of the course to retrieve the dog or have someone else release their dog at the start line. The handler is expected to promptly secure the dog and leave the field with the dog on leash.**

- Lure coursing is a physically demanding sport so please make sure your dog is in good shape. If you are not sure, make an appointment with a veterinarian to get an opinion.
- Handlers are advised to warm up their dogs prior to their run and walk them for about 10 minutes afterwards.
- Any person, upon reasonable complaint, may be asked to leave the grounds of the test by the Field Committee and may be disciplined by the AKC. Children must be under control of their parents or guardian(s) at all times.

### Shetland Sheep Dog Club of Hawaii.

Established in 2022, we are a non-profit organization that aims to unite Shetland Sheepdog enthusiasts in Hawaii. As an AKC licensed specialty breed club, we are a group of sheltie owners, fanciers, and breeders located in the islands of Hawaii.

Many of our members are active in performance and conformation venues as we welcome fresh members on a yearly basis. Our members include newfound puppy owners to well-seasoned dog show competitors.

At Shetland Sheep Dog Club of Hawaii, our objective of the club is to:

Our aim is to provide a modern organization and enable as many Shetland sheepdog enthusiasts throughout Hawaii.

Urge members to accept the standard of breeding as approved by AKC and ASSA.

Conduct AKC performances show events

Provide education and awareness for dog owners and breeders

Promote the natural abilities of the beloved breed

Encourage and promote quality in Shetland Sheepdogs

Terriers in Paradise-Hawaii is an AKC terrier group performance club founded in 1991.

We own the Fast CAT equipment used for this test and are available to provide Fast CAT services to other AKC clubs or organizations wanting to hold an AKC sanctioned Fast CAT test or a non-sanctioned fun run.

Neighbor island clubs: The lure machine and timing equipment is portable. It is possible for the key equipment to be flown there. If the host club provides the fencing, power (generator) and manpower, you too can hold events. Terriers in Paradise-Hawaii will bring the equipment to you and will help you with your event. Your club would still need to do the leg work to arrange location, local advertising, and become an AKC licensed Fast CAT Club (we can help you with that!)

Speed Dog Coursing is considered by many as the Premier Cat and Fast CAT service provider. We are based in the southeastern United States and travel extensively to provide event services for AKC licensed CAT and Fast CAT clubs. We put safety first in everything we do. We promote a fun, friendly environment that welcomes both experienced and new handlers and dogs alike.

Speed Dog Coursing was honored to be chosen as the service provider for AKC's Inaugural Fast CAT Invitational. Speed Dog Coursing was also chosen as the service provider for the televised ESPN/AKC's Fastest Dog USA for the past 3 years.

Speed Dog Coursing was founded in 2017 by the former AKC CAT and Fast CAT Field Representative, Sharon Webb. Sharon started her coursing career helping a friend run her Sighthounds in AKC Lure Coursing in 2009. In 2011 Sharon had the very first dog in the country to earn a CA, CAA, CAX, CAX2 and CAX3 – a Belgian Tervuren named Juno. Juno went on to earn CAX11 and FCAT 7 before her passing in 2022.

Sharon, along with her husband, Gary, trained under some of the best Sighthound Lure Operators and Huntmasters in the country. Sharon and Gary have since passed on their knowledge to many others, including those that now are service providers as well.

Speed Dog Coursing is always willing to train those that want to learn.

Speed Dog Coursing utilizes state of the art equipment designed for safety (starting with our blue mesh fencing (dogs can only see blue and yellow clearly)) and efficiency and accuracy.

Speed Dog Coursing also provides Event Secretarial Services (before, during and after the event)
